**LETTER OF REQUEST: REQUEST FOR INTERNATIONAL JUDICIAL ASSISTANCE  
PURSUANT TO THE EVIDENCE ACT OF BRITISH COLUMBIA AND THE  
CANADA EVIDENCE ACT**

GREETINGS:

1. Sender	The Honorable Judge Alan D Albright, District Judge United States District Court for the Western District of Texas, Waco Division 800 Franklin Avenue Room 301 Waco, Texas 76701 USA
2. Authority to Whom the Request is Made	<b>The Supreme Court of British Columbia</b> Vancouver Registry 800 Smithe Street Vancouver, BC V6Z 2E1 Canada Tel: +1 (604) 660-2847 Attention: Presiding Judge

In conformity with the *Evidence Act* of British Columbia, the *Canada Evidence Act*, the Federal Rule of Civil Procedure 28(b), and 28 U.S.C.A. 1781(b), the undersigned authority respectfully has the honor to submit the following request to the Supreme Court of British Columbia, and hereby requests that the Supreme Court of British Columbia summon the witnesses

to whom this request is directed to attend at such place and time as that Court shall appoint and to produce the documents in their possession, custody, or control, as set out below.

This Letter of Request is in issue from a court of competent jurisdiction, i.e., the United States District Court for the Western District of Texas (“this Court”). This Court properly has jurisdiction over these proceedings, is a competent court of law and equity, and has the power to compel the attendance of witnesses and the production of documents by individuals and corporations in its jurisdiction. The testimony and documents sought in this request pertain specifically and solely to the action, case number 6:20-cv-00474-ADA, pending before this Court. This Court issuing this Letter of Request undertakes that it is ready and willing to issue orders compelling production of materials and attendance of witnesses analogous to those requested herein for an issuing Canadian Court if such circumstance manifests.

The Supreme Court of British Columbia properly has jurisdiction over the parties to which this Letter of Request is directed, namely Gavin N. Manning a partner in the law firm of Oyen Wiggs Green & Mutala LLP and Oyen Wiggs Green & Mutala LLP (collectively the “Oyen Wiggs Entities”), who are subjects of the Supreme Court of British Columbia Court by way of their residence in this jurisdiction. The Supreme Court of British Columbia, being a competent court of law and equity, has the power to compel the attendance of witnesses and the production of documents by individuals and corporations inside of its jurisdiction. *See Evidence Act*, R.S.B.C. 1996, c. 124, s. 53 and *Canada Evidence Act*, R.S.C., 1985, c. C-5, s. 46.

The evidence sought here is critical and necessary to defenses afforded to Defendants under United States patent law, is necessary to enable this Court to resolve the dispute between the parties, and without which justice cannot be served between the parties. The documents and depositions identified herein pertain directly to quantifying any alleged damages and to defenses,

such as, non-infringement, invalidity (including, obviousness, secondary considerations regarding obviousness, anticipation, patent-eligibility, written description, indefiniteness, and enablement), inequitable conduct, improper inventorship, derivation, license exhaustion, non-infringing alternatives, and failure to mark, among others. The relevance of the discovery sought is detailed with specificity in the attached Document and Oral Examination Requests. *See* Exhibit E1 and E2.

The evidence sought here is not otherwise obtainable via document discovery or oral in the United States because Plaintiff is a non-practicing patent acquisition entity that only recently acquired U.S. Patent No. 7,212,536 (“the ’536 patent”) in 2017. Therefore, Plaintiff does not possess any of the knowledge or documents traditionally necessary for Defendants to muster a wholesome defense to claims asserted against it by Plaintiff. For example, Plaintiff does not have knowledge of or documents relating to the research and development that led to the ’536 patent; the prosecution of the ’536 patent; prior uses, sales, and/or publications of the processes recited in the claims of the ’536 patent; any commercial embodiments of the ’536 patent; the state of the art at the time of the alleged invention of the ’536 patent; the assignments and licensing of the ’536 patent; and any valuations of the ’536 patent. In contrast, the Oyen Wiggs Entities, as prosecution counsel for the ’536 patent are likely to have this knowledge and/or possession, custody, or control of these highly relevant documents. As previously stated, this evidence is both relevant and necessary to Defendant’s defenses and quantifying damages.

This Letter of Request seeks only evidence otherwise unobtainable via document or oral discovery within the United States and does not ask for the production of privileged evidence. This Court is cognizant of the potential burdens placed upon the third-party who may appear for testimony or produce evidence in response to this request, and thus this request seeks only evidence

that is critical to Defendants' defenses under U.S. law. This Letter of Request is limited to specific materials or classes of materials that are the most likely to produce important and relevant evidence to defenses in this matter. Documents and deposition topics have been identified with as much specificity as possible, while still ensuring Defendants are capable of acquiring materials relevant to put forth a wholesome defense on every issue in question. If any part of this Letter of Request cannot be enforced under the laws of British Columbia, it is requested that the remaining part be enforced.

Defendants offer an undertaking that the evidence sought by this Letter of Request will not be used for any purpose other than in the instant proceeding named in this Letter of Request unless leave is otherwise granted by the Supreme Court of British Columbia.
